A Three-Year Formation Programme
in the Art and Ministry of Spiritual Direction

Encounter is open to people from any background who want to explore and develop their vocation to helping others discern and respond to God’s Spirit in everyday life. The teaching is rooted in the Christian tradition and is led by an experienced, eclectic and ecumenical team of tutors.

Might you or someone you know feel called to the ministry of Spiritual Direction?

Applications are now being accepted for the course starting in October 2022. For more information see: https://www.lcsd.org.uk/events-programmes/encounter

Encounter is being delivered in a blended-learning format: including three day-intensives in London and weekly online gatherings for prayer, teaching, discussion and skills learning. We are excited to respond to a new era of learning, allowing more people across the country to access this popular course.
